

# KASTEL MIDI

Ceiling or wall mounted, IP65 luminaire. Top quality SMD LED module with colour consistency MacAdams 3, extensive portfolio of lumen ranges, CCTs and spectra. Standard EVG integrated on/off driver. Mounting on any type of wall/ceiling. Body is made of aluminium. Standard colour RAL 7016 any other colour on request. Selection of lumen outputs allows to use this luminaire in different types of lighting projects. Standard luminaire is not intended for use in increased corrosivity category environment, e.g. with increased salt concentration. Extra corrosion protection is available on request.

Luminous flux & Luminaire Power tolerance up to 10%. System power consumption depends on components used. Luminous efficacy depends on type of LED's, electronics, optics and diffusor. The most up to date technical parameters can be found on our website and in database of LDT files.
