PROLINE 60 CORTEN

CORTEN COATING

All our products are available with Corten coating finish.
Corten is special, structural, several layer type of paint suitable both for indoor or outdoor products.
We offer 5 different types of Corten coating as shown below.

To order product with Corten coating instead of standard RAL paint
please add chosen CRT finish type: C1, C2, C3, C4, C5 after standard product index number.
Contact our sales department for price offers and further technical details.
