

PROLINE 50 TRACK

Linear, track mounted luminaire with selection of diffusers. Top quality SMD LED modules with colour consistency MacAdams ≤ 3 , extensive portfolio of lumen ranges, CCTs and spectra. Variety of track adaptor integrated drivers: standard EVG on/off, DALI and wireless controled as MasterConnect or Casambi on request. Built-in or remote, wireless occupancy & daylight sensor available to allow significant energy savings and wireless connectivity. Mounting on universal track: Global / Unipro. Track adaptor for any other type of track system on request. Body is made of aluminium profile. Standard colour RAL 9005S, any other colour from basic RAL range available at no extra cost. Variety of lengths, diffuser types, lumen outputs and drivers allows to use this luminaire in different types of lighting projects. Luminous flux & Luminaire Power tolerance up to 10%. System power consumption depends on components used. Luminous efficacy depends on type of LED's, electronics, optics and diffuser. The most up to date technical parameters can be found on our website and in database of LDT files.

Lighting direction

PDF datasheet:

PROLINE 50 TRACK

Mounting:	Track mounted
Body material:	Aluminium profile
Colour:	Standard black RAL 9005S, other RAL colours on request
Lumen output:	Standard up to 5500 lm, any other on request
LED module:	Signify (Philips), Tridonic or equivalent SMD LED modules
Colour temperature:	3000/4000K other on request
Colour Rendering:	CRI>80 in standard, other on request
Driver:	EVG on-off/DALI/MC (MasterConnect)/Casambi, other on request
Wireless control:	Philips MasterConnect / Casambi, other on request
Daylight/Occupancy sensor:	Built-in IC sensor or Wireless ICS sensor
Emergency unit:	N/A
Operating temperature range:	0°C ... +35°C
IP Class:	IP20 in standard
Power:	220-240V 50/60Hz
Lighting direction:	Direct lighting
Light distribution:	Symmetric
Optics:	N/A
Diffusor:	OP white acrylic, MP19H microprismatic UGR<19
Beam angle:	All types available in our LDT file database
Warranty:	5 Years standard warranty

PROLINE 50 TRACK track mounted luminaire

Energy saving MasterConnect wireless lighting control system with daylight and movement detection technology on request.

Zigbee

Bluetooth

All current index numbers, lumen outputs, power consumption and many other technical information are available in our 2024 pricelist. Details on wireless lighting control systems on page number 896.

IC daylight&occ sensor

OP opal diffusor

MP19H microprismatic diffusor

ICS wireless daylight&occ sensor

ICSW wireless switch

Basic dimensions

230V TRACK SYSTEMS

DALI or 3-phase track systems are an essential addition to our track mounted luminaires. Lighting track system is great and popular choice for offices, shopping centers, shops, museums, gyms, restaurants and even private homes - only your imagination is the limit. It is the most flexible solution for situations where the customer needs to increase or decrease the lighting space or re-arrange the lighting in general. High quality, modern design and smooth installation of our 3 phase or DALI track assures flexibility in designing even the most advanced lighting systems. Our 230V track system includes surface and recessed 3-phase and DALI lighting tracks in different lengths and wide range of mounting accessories. Universal and modular design is easy to expand and adapt to any project's requirements. L-corners are adjustable and reversible with changeable earthing for fast and easy installation. In fire-safety situations halogen-free lighting track parts will not release any flammable gases harmful for health.

Complete information about our 230V track systems can be found in our pricelist.
