

POLE CUBE

Outdoor IP65 bollard luminaire with lens optics. Top quality COB LED module with colour consistency MacAdams 3, extensive portfolio of lumen ranges and CCTs. Standard EVG on/off or DALI driver on request. Body is made of aluminium. Standard colour RAL 7016 any other on request. Superior quality lens optics with wide selection of beam angles. Variety of lumen outputs and drivers allows to use this luminaire in different types of lighting projects: parks, residential areas, office building surroundings, pedestrian routes. Mounting holes are prepared for standard concrete footings available in the market, please contact our sales team for details. Custom made foots available on request. Standard luminaire is not intended for use in increased corrosivity category environment, e.g. with increased salt concentration. Extra corrosion protection is available on request.

Luminous flux & Luminaire Power tolerance up to 10%. System power consumption depends on components used. Luminous efficacy depends on type of LED's, electronics, optics and diffusor. The most up to date technical parameters can be found on our website and in database of LDT files.
